OUR APPROACH

Best practices, customized.

We develop and deliver tailored strategic planning initiatives, assessment tools, organizational change management and training methodologies and solutions anchored by decades of experience from certified resources who utilize strategic industry-leading best practices and processes.

“William Everett has a cadre of consulting skills and an exceptional ability to assess a situation and implement a solution. Their ability to be a change agent should not be understated.”

Derrick Brownlee

Customer Success Manager at Microsoft, former Deputy CIO at City of Chicago

Always on partnership

Upgrading Illinois for the 21st Century

We supported one of the nation's largest government bodies when the Cook County government sought to modernize outdated technology with an Oracle ERP platform implementation.

This comprehensive effort **impacted 20,000+ end users and system administrators serving 5.2 million residents**; included customized platform integration in seven phases, and increased leadership participation and user adoption rates. PMO services involved project plan mapping and business process analysis, and technical systems support included post-production support and Hyperion maintenance.

OTHER ENGAGEMENTS

Clerk of the Circuit Court of Cook County
